Dear Friend of Paws With A Cause®,

National Take Your Dog to Work Day® is Friday, June 21! Will you consider allowing your employee to bring a Paws With A Cause Foster Puppy, Mama Dog, or Papa Dog to work for that day?

At PAWS®, we custom-train Assistance Dogs to enhance the independence and quality of life for people with disabilities. PAWS Dogs are magical dogs and will hopefully go on to change the lives of many people. But, like all dogs, they begin as a puppy and need guidance with housebreaking and basic obedience.

We call upon a committed group of PAWS Dog Volunteers to ensure that every PAWS Foster Puppy receives the love and care needed to build a strong foundation for their future Assistance Dog training. These individuals open their hearts and homes to an eight-week-old puppy and care for it until it is 12 to 14 months old. And we could not have these wonderful puppies without Mama and Papa Dogs, who are also housed by volunteers. Your employee is one of these amazing volunteers who dedicates countless hours of their time to this important work.

It is crucial that a PAWS Dog is well socialized and exposed to a variety of people and environments. Many of our PAWS Clients work, so their Assistance Dog must be comfortable spending time in an office or other work setting. By allowing your employee to bring a PAWS Foster Puppy to work, you are helping make life better for a person with a disability.

Your support on Take Your Dog to Work Day helps us fulfill our vision of custom-training the highest quality Assistance Dogs for people with disabilities, and provides a great opportunity to support your employees and company culture.

For more information about our organization, visit our website at www.pawswithacause.org. If you have any questions about Take Your Dog to Work Day, or PAWS, please feel free to reach out to me at 616-877-7297 or msuchovsky@pawswithacause.org.

Thank you for helping us celebrate all that our dogs do for our communities and the volunteers who help make it happen.

Gratefully,

Michele L. Suchovsky
Chief Executive Officer
Paws With A Cause
